

S-110 - One sheet - front page (ink).

Tuesday evening.

My own dear Wonder-heart!

Just a line on this last evening that I am at Isleport. You will probably receive this on Friday - a few hours before I reach N.B. - Dearest I want to tell you what an inspiration & help & strength your letters have been to me! What a revelation of love - of character - It seems as tho we have together opened the doors of a wonderful world - It is here - now - we live in it - It is spiritual - wonderfully calm - peaceful - yet full of infinite music & poetry & beauty - How intangible & yet eternal it is! We know it - & it is ours forever.
